

High Quality, High Profits

PhotoBook Deluxe

The Equipment

- Uniwire 3 Binding machine
- Step-by-Step Assembly Guide
- Wire Cutter
- Optional Half Moon Calendar Punch
- PhotoBooks & Cover Sheets
- Spline Wires & Calendar Hangers

The Process

PhotoBook Deluxe - Customer selects and prints images with the PhotoBook feature on your Picture Maker. You then take the images, add the front and back cover sheets, align and punch spline holes, insert wire and crimp with the binding machine.

Calendars - Your customer selects a calendar template, merges pictures, and prints the calendar pages. You then take the calendar pages and add front & back cover sheets, align and punch spline holes, insert wire and crimp. Use the half-moon punch to cut through calendar pages and insert hanger.

The Result

You can now appeal to your most discriminating customers by providing a high-quality, professionally bound product. These customers will utilize PhotoBooks and calendars time and time again for personalized gifts and remembrances, season after season.
